

Assignment 1

Aydin Atay, CS 7641, Fall 2018

Georgia Institute of Technology

Computer Science Department,

This Readme.md is also contained in <https://github.com/designer16tr/CS7641> where the datasets and models reside

The datasets are in "car" and "wine" folders but they are identical copies from

<http://www.cs.ubc.ca/labs/beta/Projects/autoweka/datasets/>

The "experiments" folder contains models created during experiments, and excel files

There is no code, all experiments were performed in Weka explorer
